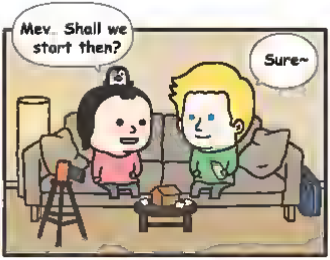
Penguin Loves Mev In the UK

A Gingerbread House

One day,
we bought a gingerbread house kit
from the supermarket.

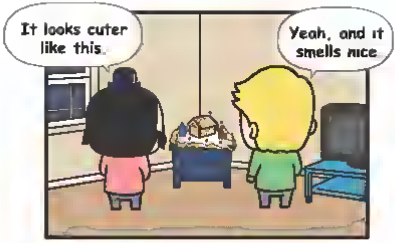
In the kit,
there was a gingerbread house base,
icing sugar and some sweets.



So that weekend evening,
we made our gingerbread house.

It wasn't very easy.

We completed
the cute gingerbread house.



We put the house
on the drawers in the lounge.

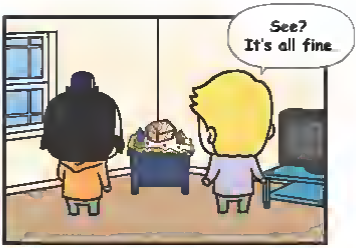
Our first gingerbread house
looked good.

A few days later

Mev~?

What were you doing here?
You look suspicious
Yea yeoh?

The crumbs on his clothes!



But the gingerbread house looked normal.

No....

The back door was gone.

Which sneaky rat did this? Do you know?
